

I Love You More!!

To my beloved husband, I love you more.

You are the love of my life.

A piece of my heart will forever be missing.

Your love is unconditional, with hugs to cure all.

You made me whole.

I'm not sure how to go through this life without you.

Please love and hold Jelly so close and near.

*There is not a moment that goes by,
that I will not love and miss you.*

*You encouraged me to be and do my best,
then go back again tomorrow and be better!!*

*Loved you yesterday, love you still,
always have & always will.*

I love you more!!!
